

30 April 1953

DATA ON S/COM ANALYSTS

25X1A9a

[REDACTED] GS-7, assigned since 18 Aug 1952 (Transfer from another office)
Duties: Essentially economic research in general telecommu-
nications. No attempt yet to specialize his effort.
Research completed: 0.3 Inventory on Communist China;
contribution to EIC-R-12.
Research under way: 0.3 The Telecommunications System of
Communist China(to become 46.6); NIE-88 on China.
Comment: Growing rapidly into career material. Worth
a GS-9 now. Taking German language.

25X1A9a

[REDACTED] GS-11, assigned since 16 Sept 1952.
Duties: Essentially economic research in radio communications,
but capable of broad telecommunication research.
Research completed:
46.1.1 Foreign Radiobroadcasting Reception Potential
in Czechoslovakia;
46.1.2 Foreign Radiobroadcasting Reception Potential
in China;
46.1.3 Foreign Radiobroadcasting Reception Potential
in Bulgaria;
EIC-R-12 and SE-38 Electromagnetic Warfare(contribution)
0.8 (NIE-90) Soviet Capabilities;
0.9 Satellite Economics (NIE-87);
NIE-65 Range of Errors.
Research underway:
46.1.4 Foreign Radiobroadcasting Reception Potential
in Rumania.
Comment: Growing rapidly. Definitely high-class career
material. Worth a GS-13 now and so recommended.
Took primary Russian language

25X1A9a

[REDACTED] GS-11, assigned 26 July 1951 to sept 1952 (resigned)
Re-employed 30 Jan 1953.
Duties: Essentially economic research in radio, particularly
statistical, but broadening into whole field of
telecommunications and other media of communication.
Research completed:
23-52 "The Radio System of the USSR in the Service
of the National Economy" (contribution);
NIE-65 Soviet War Potential;
EIC-R-12 Electromagnetic Warfare(contribution);
46.1.3 "Foreign Radiobroadcasting Reception Potential
in Bulgaria (contribution).
ISC revised this code to meet our needs better.
IR revised this code to meet our needs better.
Research underway:
46.1.4 Foreign Radiobroadcasting Reception Potential
in Rumania. (Contribution).
Comment: Taking course to improve her knowledge of economics.
Her knowledge expanding in all media of communica-
tions. Took primary Russian language.
